## Add-On Services

and FAQ

### Management

Whether you sponsor community events, or just want help scheduling pop-ups, we have the solution.

For the low monthly cost of \$1,500 your brand's **dedicated event manager** will handle all set-up, tear-down, and staffing! They will transport materials, communicate with event coordinators, and even schedule events. Hiring management has never been more cost effective!

### Technology

We finally have the capability to handle transporting technology! If you're looking for iPads or tablets at your table, our new rate is \$20 per day, per unit used! This covers our cost of insuring your item, and keeps risks at a minimum. It also allows you to **sign customers up for your loyalty program or app!** An annual membership is required, and usage terms apply. Please contact us for more details.

### Swag

Your wishes have been granted. Canna Demos can now handle both sourcing, and distributing your swag. All we need from you is your current giveaway items and costs, or budget. We will get your swag shipped to us, put it into per-demo kit sizes of your choosing and **distribute it free of charge!** Let your staff focus on the important things and let us save you valuable time and money!

### HOW DO I USE MY SWAG CREDIT?

Once you give us the green light to start sourcing your items, we will work our hardest to match or even beat your current prices. Once the first invoice is paid, your \$50 will be applied automatically to your second order.

### WHAT IF I WANT SOMETHING THAT'S NOT LISTED?

Let us know! We would love to find a solution to meet your needs, and a chance to exceed your expectations!

### WHAT IS BBT?

BBT stands for "body behind table". If your product is simple and you just need someone to fulfill event requirements, this is the best option for you! These people likely be contractors and we can't promise much other than the fact that someone will be there!

### ANY OTHER FEES?

Event rush and late payment fees apply
